

## What is our consultancy service?

This service helps you to maximise your IT investments by plugging resource or skills gaps on-demand. It allows you to tap into high-level, expert consultants as and when you need them, and is the ideal solution for businesses that don't have a full-time in-house IT department to step in when assistance is required.

Our consultancy services covers:

- Cloud
- Storage
- Virtualisation
- Network
- Security
- Infrastructure

We can advise on everything from strategy and hardware, to next-generation technologies and general housekeeping, enabling your business to optimise its IT investment, harness technology opportunities and better navigating the ever-changing landscape.

## What are the benefits?

- Maximise IT infrastructure and investment, even if you don't have a full-time in-house IT department
- Never compromise on performance or timescales if your team are overstretched
- Expert knowledge will help to quickly identify and rectify issues, and spot opportunities for improvement or efficiencies
- Specialist advice for everything from IT audits to project management and housekeeping, so that a job is undertaken to best practice

## How much does it cost?

Prices vary depending on the contract cover option you choose. All options are available as fixed monthly payment plans with no upfront costs.
